FEEDING DIRECTIONS

Broilers: Feed to broiler chickens as the sole ration from 29 days of age to market.

Pullets: Feed as the sole ration from 43 days of age to 18 or 19 weeks of age. When pullets are ready to lay, switch to Purina Purinature Layena Plus.

Ducks: Feed to ducks from 29 days of age to market.

NOTE: This product is suitable for growing birds. Feed Purinature Layena* to birds during egg production.

- Don't let feeders run empty.
- Clean feeders and waterers regularly.
- Provide fresh, clean water at all times.

IMPORTANT

Follow sound management practices along with disease and sanitation control measures. If there are any questions, contact your veterinarian, Purina dealer or sales representative.

CAUTION

1. Directions for use must be carefully followed.
2. Feed is perishable. Store in a dry, well-ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals as it may cause illness, abortion, or death.

DISCLAIMER OF LIABILITY

Individual results from use of this product may vary based upon differences in customers' programs of management, health, sanitation, breeding, genetics and feeding. Therefore, Cargill Limited and its Dealers do not warrant or guarantee individual results.
