

# For a better start!

The IMMUTEK calf program provides essential nutrition as well as research driven technologies to improve the immunity of young animals and allows them to better respond to potential health challenges.

### CONTAINS DIAMOND V TECHNOLOGIES:

- SmartCare® is a natural immune support product for calves consuming milk replacer.
- Original XPC® is a natural nutritional health product for solid feed.
- Together, SmartCare® in milk replacer and Original XPC® in starter, will help support immunity, health and performance of calves.

### RESEARCH SHOWS SMARTCARE® AND ORIGINAL XPC® SUPPORT:

- Calf immunity and overall health
- Increased starter intake
- Faster rumen and intestinal development
- Increased body weight gain

### SMARTCARE® AND ORIGINAL XPC® HELPS:

- 💰 **Reduce calf treatments**  
\$7-8 difference in treatment and labor costs
- 🕒 **Reduction of days in treatment**  
1-3 days less
- 🐄 **Greater average daily gain**  
2.5 kg higher in weaning weights
- ⚙️ **Reduction of health events**  
Scours and respiratory

# For THE better start!

IMMUTEK+ provides all the benefits of the IMMUTEK program plus natural plant based additives to prevent coccidiosis and cryptosporidium challenges in calves.

### THE PLUS OPTION CONTAINS ESSENTIAL OIL, BOTANICAL EXTRACTS AND NATURAL ADDITIVES THAT HAVE SHOWN TO:

- Reduce risk and severity of coccidiosis infection
- Decrease cryptosporidium challenge
- Improve calf development and growth

Consult your Purina representative for full feeding direction of the Immutek and Immutek+ calf program
