

## YOUR MANAGEMENT DASHBOARD

DAIRY ENTEELIGEN™ PREMIUM is first of its kind in the dairy industry to consolidate real-time data from multiple on farm software systems. The comprehensive DAIRY ENTEELIGEN™ PREMIUM report is a complete dashboard of your herd performance putting you in control of your long-term success.

## HOW IT WORKS

- 01 Your Cargill advisor installs DAIRY ENTEELIGEN™ PREMIUM on your farm computer.
- 02 DAIRY ENTEELIGEN™ PREMIUM runs behind the scenes collecting data from all software systems on your farm including milk meters, feed and management software.
- 03 Data is then uploaded daily to the DAIRY ENTEELIGEN™ PREMIUM platform where a standardized report is populated.
- 04 Customizable, choose metrics which are most relevant to your current objectives.
- 05 Your Cargill advisor delivers to you a clear and concise DAIRY ENTEELIGEN™ PREMIUM report; your management dashboard.

## BENEFITS

- 01 Leverage the massive amount of data collected daily on your farm.
- 02 For the first time visualize a 12 month comparison of herd metrics.
- 03 At a glance, gain insight into herd management, feed management and milk meter information.
- 04 Improve your profitability by visualizing your return on investment in one simple graphic based on inputs from feed software and outputs from milk meters.
- 05 Fuel data-driven discussions with your Cargill advisor. Adjust your nutrition and management program for more predictable results.
- 06 Benchmark farm performance with your peers and dairy farms worldwide.
- 07 Unleash your herd's potential and improve your bottom line.
